

# Medicare Made Clear™

## Save with Your Medicare Plan

To see the full video on this topic, visit [MedicareMadeClear.com/MedicareCostsVideo](http://MedicareMadeClear.com/MedicareCostsVideo).

There are many ways you may save money on your health care.

- **Read your plan benefits guide.** You may have additional discounts, savings and perks available that you don't know about
- **If your plan has a network, use it.** Network doctors have worked out special pricing with the insurance company and may offer members lower costs
- **If your plan includes prescription drug coverage, use network pharmacies.** Many of them offer plan members extra savings and discounts
- **Get to know your pharmacist and ask about generic versions of brand-name prescription drugs.** Generic versions may save you anywhere from 20% to 80% of the brand-name price
- **Some Medicare plans also offer mail order service,** which sells larger quantities at lower prices
- **Your plan may offer other benefits, including:**
  - Preventive exams and screenings
  - Wellness programs
  - Nutrition coaching
  - Disease management programs
  - 24/7 nurse line
- **Your plan may also provide discounts on things like:**
  - Hearing aids
  - Glasses
  - Dental exams
  - Gym memberships
